## **Human Resources Screening Questions**

Did your institution hire any full-time permanent staff who were included on the payroll of the institution

between July 1 and October 31, 2011 either for the first time or after a break in service AND who were still on the

payroll of the institution As of November 1, 2011? (Exclude persons who have returned from sabbatical leave

OR full-time staff who are working less-than-9-month contracts/teaching periods and whose primary

responsibility is instruction, research, and/or public service.)

If you answer **Yes** to this question and your institution has 15 or more full-time staff, you will be provided the screens to report **full-time permanent new hires** in the **Fall Staff section (long version)**.

#### Summary

#### Human Resources Component Summary (Applicable to Degree-granting institutions and Related Administrative Offices)

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2012.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or <u>ipedshelp@rti.org</u>.

NOTE: Full-time-equivalent (FTE) staff is calculated by summing the total number of full-time staff from the Employees by Assigned Position (EAP) section of the IPEDS HR component and adding one-third of the total number of part-time staff from the EAP section. Graduate assistants are not included in the above figures. Many of the FTE figures are included in the DFR.

NOTE: The above data are based on the Salaries section of the IPEDS HR component. The number of equated 9month full-time instructional staff is the sum of staff on 9/10-month and 11/12-month contracts. The equated 9month average salaries of full-time instructional staff (by rank) are calculated by multiplying the salary outlays (by rank) for staff on 11/12-month contracts by 0.8182 then adding the salary outlays (by rank) for staff on 9/10-month contracts. The resulting sum is then divided by the number of equated 9-month full-time instructional staff (by rank) to determine an average salary for each rank. Salaries of full-time instructional staff on less-than-9-month contracts are not collected. Also, salaries of medical school staff are not collected. The equated 9-month average salaries are included in the DFR.

#### Overview

#### **IPEDS Student Financial Aid Component Overview**

#### **Public Academic Reporters**

Welcome to the Student Financial Aid (SFA) component of the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students at your institution.

#### Changes to This Year's SFA Component

- SFA is now part of the Winter collection. The Winter collection will close for keyholders on February 8, 2012.
- In Part E, an additional column will collect the number of students in Group 4 who were awarded any Title IV grant aid, by income categories.
- For reporting grant or scholarship aid, institutions should report "aid awarded" rather than "aid received" or "aid awarded and accepted." The amount awarded may be different from the amount that was actually disbursed to students. There is no change to how loans to students should be reported. Institutions should continue to report on loans that were awarded to and accepted by the student.
- Veterans education benefits should no longer be reported in SFA, as they are no longer considered Estimated Financial Assistance for Federal Student Aid purposes.

#### Data Reporting Reminders

#### Groups

Throughout this component, you will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- Group 3: Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

#### **College Affordability and Transparency Lists**

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

#### Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

#### **Context Boxes**

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

If you have questions about completing this component, please contact the IPEDS Help Desk at 1-877-225-2568.

#### Part A

#### Part A - Establish Your Groups

Part A establishes the number of students in various groups. Note that the numbers on this screen will be carried forward to other parts of the Student Financial Aid component.

#### In the fields below, report the number of students in each of the following groups.

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2012.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or <u>ipedshelp@rti.org</u>.
