**Do not include first-professional students**

Level of course	Total 12-month activity
<u>Credit hour activity for academic programs</u>	
Undergraduate programs	327,902
Graduate programs	7,308

Based on the hours reported, the institution's estimated full-time equivalent (FTE) enrollment is:

Undergraduates	10,930
Graduates	305

[Click here to see HOW FTE IS CALCULATED](#)

NCES uses estimated FTE enrollment to calculate expenses by function per FTE and core revenues per FTE as reported in the NPEC IPEDS Data Feedback Report. **If the estimate above is not reasonable for your institution**, please provide your best estimate of undergraduate and graduate FTE for the reporting year identified on Parts E/F 12-Month Selection:

Undergraduate  
 Graduate

### Part G - Retention Rates

In order to calculate retention rates for your cohort of first-time bachelor's (or equivalent) degree-seeking undergraduates, please do the following:

- 1) Establish your cohorts (full time separate from part time) of first-time bachelor's (or equivalent) degree-seeking undergraduates, which consists of those enrolled at your institution in fall 2004 (including those enrolled for the first time the preceding summer term and those whose intent was not known upon entry to the institution).
- 2) Count the number of students in each cohort who re-enrolled or are still enrolled at your institution in fall 2005.
- 3) Calculate the retention rates (see formula below).

Use your institution's official fall reporting date when calculating these percentages. Please report full-time and part-time percentages separately. The student status (full- or part-time) should be based on the fall 2004 status, even if this has changed by fall 2005.

NOTE: The fall 2004 cohort data used for these calculations may be adjusted for students who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government, such as the Peace Corps; or to serve on official church missions. These are exclusions, and may be subtracted from the cohort prior to calculating the retention rate. Do not include those students who transferred into the institution as part of your fall cohort.

**Formula:**

(Re-enrolled at institution in fall 2005 (from step 2 above)) \* 100 /

(Fall 2004 bachelor's cohort (from step 1 above) – Exclusions from fall 2004 bachelor's cohort)

Estimada señora Rodríguez:

Nuestra oficina se encuentra en el proceso de completar la *Colección de Primavera 2005- 2006 de IPEDS* y como de costumbre necesitamos de su cooperación para cumplir con tan importante propósito.

La información que le estamos solicitando en esta ocasión corresponde al año académico **2004-2005**. En ese año académico, ingresaron al Recinto 2,158 estudiantes procedentes de escuela superior. Partiendo de ese número de estudiantes necesitamos la siguiente información:

1. ¿Cuántos de estos estudiantes recibieron alguna forma de asistencia económica (i.e., becas, préstamos, ayudantías, exenciones de matrícula, beneficios de veteranos, etc.) durante cualquier momento del año académico **2004-2005**? [1555](#)

4/10/2006

2. Favor de completar la siguiente tabla indicando el **total de estos estudiantes que recibieron** los siguientes tipos de ayuda económica y la **cantidad promedio que recibieron durante el año académico 2004-2005 (ambos semestres)**:

<b>Tipo de Ayuda</b>	<b># Estudiantes que lo Recibieron</b>	<b>Cantidad Promedio de Ayuda Recibida (\$)</b>
<i>Federal Grants (grants/educational assistance funds)</i>	1469	3416.00
<i>State/Local Government Grants (grants/scholarship/waivers)</i>	1172	475.00
<i>Institutional Grants (scholarships/fellowships)</i>	59	2006.00
<i>Student Loans</i>	193	2463.00

Además, aprovecho la oportunidad para solicitarle una información para el *U.S. News Financial Aid Statistical Survey 2006*. La información en esta ocasión corresponde al año académico **2005-2006** y se incluyen las tablas en la cual se debe ofrecer la información.

De ser posible, agradeceríamos que para ambas peticiones la información nos la someta tanto en formato electrónico como en papel. La misma debe ser entregada **a más tardar el martes, 28 de marzo de 2006**. Entendemos que la información solicitada requiere tiempo para recopilarse, pero es nuestra responsabilidad como institución el proveerle ésta al Departamento de Educación de los Estados Unidos en cumplimiento con su fecha límite.

Cualquier duda o comentario que tenga al respecto, favor de comunicarse mediante correo electrónico a la dirección [irmannette@uprm.edu](mailto:irmannette@uprm.edu) o a las extensiones 5465 ó 2680.

Maryhelen:

I had problems logging into IPEDS yesterday all day long, and even tried at home. As a result the data had to be locked today. It took me a while because I had to enter zeros in all fields for all transfer/exclusion fields. That was really weird and had never happened before.

Thanks for all your help.

Dear Ms. Sleet:

In 2004 you helped our Campus out with the corrections to the 1995 Cohort used for the Spring Graduation Rate Supplemental survey. As I explained then, our Office has been establishing a database from which to obtain the most reliable data for our GRS.

This year we have come across a similar problem for the 1997 Cohort used for completing the GRS-Supplemental, where our cohorts are supposed to be 1,115 for male bachelor's seeking (as opposed to the Default 1,116), and for the female cohorts 1,189 and 22 for bachelor's and other degree-seeking respectively (as opposed to the default 1,187 and 24). There were no errors regarding the athletic cohorts.

I talked with Lola today on the helpline, and she recommended that I send you an email similar to the one sent in 2004 to see if corrections can be made to the cohort. The data regarding **completer's** has been entered according to the correct cohort information. I am attaching a PDF file with our data as it should appear in the GRS Supplemental.

I will appreciate any help that you may offer in this matter (as always).

Irmannette,

The programmer is done! All the changes you submitted for the GRS Supplemental have been entered, the edits were run and the surveys is ready for you to lock. If you have any questions please contact us.

Irmannette,

NCES is having the programmer make corrections to your athletic sub cohort. When that is done I will let you know so you will be able to run edits. The 1996 cohort's GRS is available now for corrections on the Prior Year Revision site . Only the last locking user is allowed to make corrections. The last locking user for you is Gloria Davila from the Puerto Rico Council on Higher Education office. I would suggest that you review the GRS and contact Gloria to see if she is able to help you with making corrections.

Maryhelen

Good morning Maryhelen:

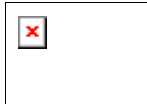

The 1995 data has already been entered correctly, but no edits have been performed. You can go ahead and upload the corrections to the cohort. If we were to detect any errors with the 1996 Cohort, could we do the same thing?

Sincerely,  
Irmannette

Dear Ms. Sleet:

Attached are the corrections to the 1995 Cohort for the University of Puerto Rico at Mayagüez. Hopefully, this will allow us to enter the data for the 1995 GRS Supplemental correctly. Let me know if you will need anymore information or if you face any problems with the data attached.

Sincerely,  
Irmannette
