**Part E - First-time Bachelor's Cohort Retention Rates**

Retention rates will be calculated based on information provided below.

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters report retention data on students enrolled in the institution at any time between August 1 and October 31.

If there are no students to be reported in a cohort, please enter zero. Do not leave the field blank.

When reporting data below, remember to:

- Include only first-time **bachelor's** students in your full- and part-time cohorts. Do not include students who transferred into your institution.
- Determine student status (full- or part-time) using Fall 2008 status (e.g. if a student was part-time in Fall 2008, report them in the part-time cohort regardless of their Fall 2009 status).
- Report in the exclusions boxes the number of students from each cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g. Peace Corps); or to serve on official church missions.

The system will subtract exclusions from the original cohorts and use adjusted cohorts for calculating retention rates. **Retention rates will be calculated by the system after clicking 'Save.'**

## Student Financial Aid 2009-10

**Part A****Part A - Establish Your Groups.**

Due to requirements included in the Higher Education Opportunity Act (HEOA), there are now multiple groups of students on which you must report financial aid data. Use Part A to establish these groups below.

Institutions need to report aid on this component such that their net price calculations shown on College Navigator and used for the College Affordability lists is a reflection of what students actually pay.

Report the number of students in each of the following groups:

**Part C - Financial Aid About Group 2, Page 2**

For reporting on Group 2 below, please include:

- full-time, first-time degree-seeking students enrolled in Fall 2008.
- grants and scholarships from federal, state, local governments and from your institution; **do not include aid from other sources.**
- loans to students from the federal government and from other sources (including private lenders).
- aid received anytime during the full aid year (academic year 2008-09).

**Information from Part A:**

**Column 1:** For each type of aid, report the **number of students receiving aid** anytime during the full 2008-09 aid year. The percentage (column 2) and average amount of aid received (column 4) will be calculated for you. Because students may receive more than one type of aid, the sum of the detail will not necessarily equal the total number of students for the category. However, the total number of students reported for the aid category cannot exceed the sum of detail numbers (e.g., number receiving Federal grants cannot exceed Number of students receiving Pell Grants + number receiving Other Federal grants).

**Column 3:** For each type of aid, report the **total amount of aid** received by these students anytime during the entire aid year. Total amounts for each category will be calculated from detail amounts you report as follows (CV indicates calculated dollar value):

CV 01=02+03+04  
 CV 02=02a+02b  
 CV 05=05a+05b

| Types of aid   | Number of students in <b>Group 2</b> receiving aid in 2008-09 | Percentage of students in <b>Group 2</b> receiving aid | Total dollar amount of aid received by <b>Group 2</b> in 2008-09 | <b>Average</b> amount of aid they received | PY Average amount |

**Section I - Graduation Rate - Establishing Cohorts****Cohort revision**

The Initial Cohort is comprised of the number of first-time, full-time undergraduate degree/certificate-seeking students, as they were reported in Column 1 of the 2003 IPEDS Enrollment survey

Institutions are permitted to make revisions to the initial cohort. The revisions can be either:

1. An actual change in the number of students in the cohort due to cohort-eligible students that were previously omitted from the initial cohort
2. A reclassification of students within gender or racial/ethnic categories with no actual change in the cohort total

No revisions should be made for anyone who dropped out, transferred to another institution, or became a part-time student.

**Does your institution have any revisions to make to your preloaded Initial Cohort?**

**Section II - Graduation Rate - Transfers/exclusions**

**REMINDER:** This screen contains both NEW and OLD race/ethnicity categories.  
 Report each individual only ONCE, in either a new category OR an old category.  
 Do NOT double count individuals!

Report ALL Nonresident aliens and Race and ethnicity unknown in the 'Categories used in BOTH New and Old' section.

- In the columns below, report the status of the BACHELOR'S DEGREE-SEEKING STUDENTS reported in the subcohort in Col 10, who did not complete a program as of August 31, 2009.
- Report transfers-out who did not complete a program in Col 30. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed their programs, you must report transfer-out data in column 30. A school is required to report only on those students that the school knows have transferred to another school. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.
- Report exclusions from the cohort in Col 45. The ONLY allowable categories for this column are:  
 students who died or became permanently disabled  
 students who left school to serve in the armed forces (or have been called up to active duty)  
 students who left school to serve with a foreign aid service of the Federal Government  
 students who left school to serve on an official church mission
- Col 49 [non-completers (still enrolled + not enrolled) and completers > 150% of normal time] will be calculated for you
- If you do not have any values to enter in either column 30 or 45, you must enter at least one zero in a field on this screen
